Intervention - Support for pupils who are bullied

We will support children who are bullied and make appropriate provision for their needs. The nature and level of support will depend on the individual circumstances and the level of need. These can include a quiet word from a teacher that knows the pupil well, providing more formal pastoral support, engaging with parents, referring to local authority children's services, completing a Common Assessment Framework or referring to Child and Adolescent Mental Health Services (CAMHS).

Monitoring, Evaluation and Review

The number and type of incidents will be monitored by the Headteacher on a termly basis and reported to the Full Governing Body. We will collate this evidence to assess the implementation and effectiveness of the policy.

This policy will be reviewed annually by all stakeholders in the school including the School Council, staff and Governors.
